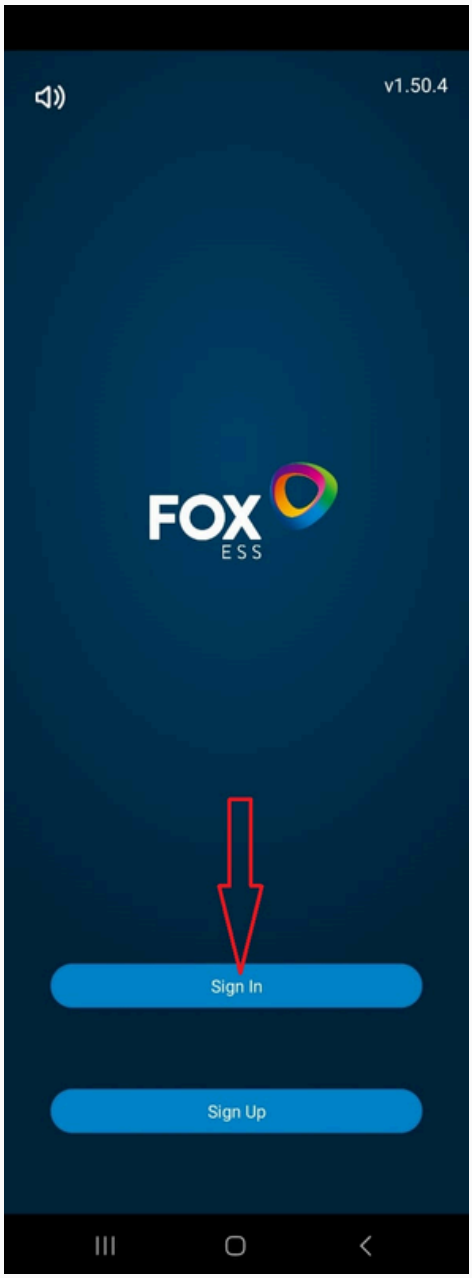
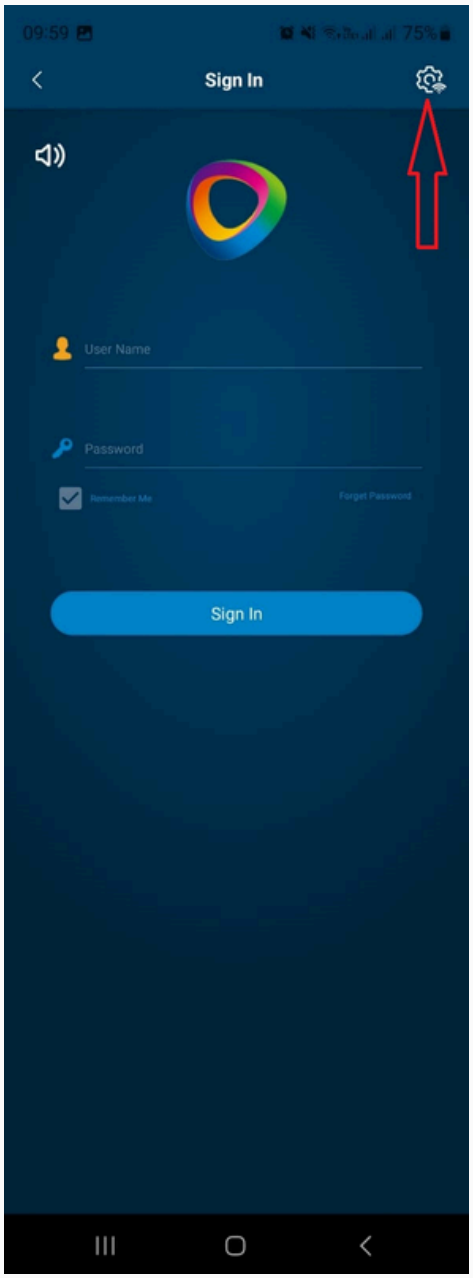
WiFi Setup for Fox KH Series Via FouxCloud Bluetooth Datalogger

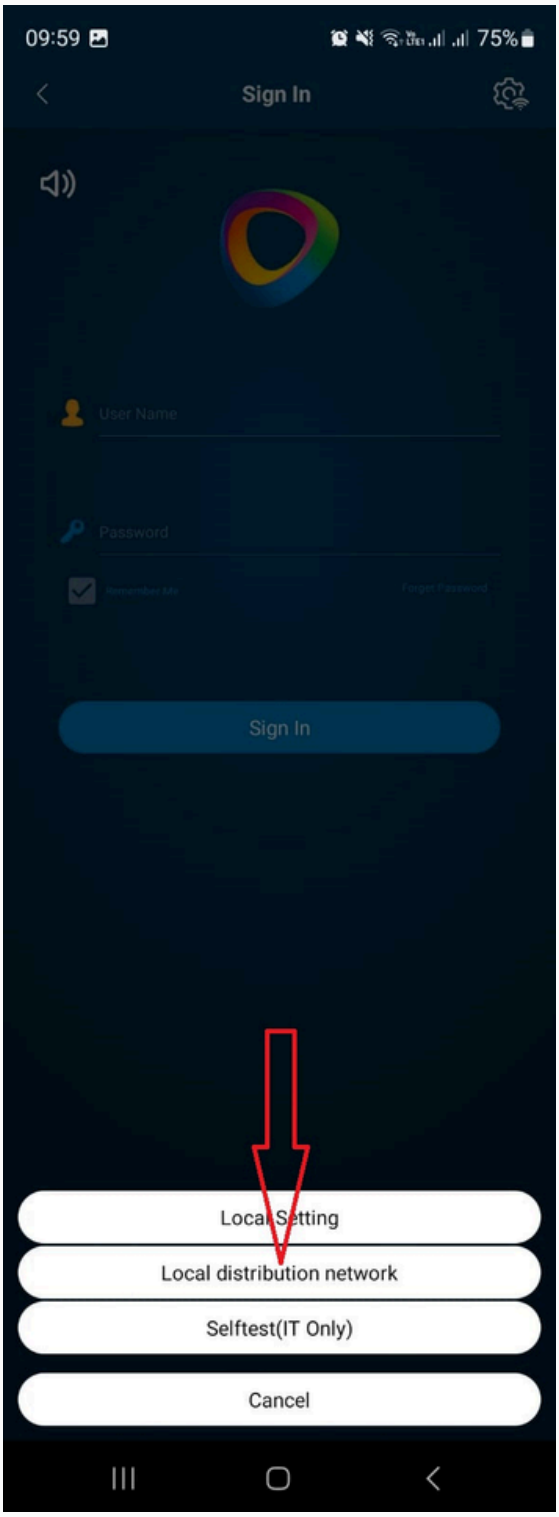
Firstly you will need to download the FoxCloud App,

Once installed you will ***Tap*** on ***Sign In*** and in the top right-hand corner you will see a ***Gear with the WiFi symbol, Tap*** on it,





Then ***Tap*** on ***Local Distribution Network***

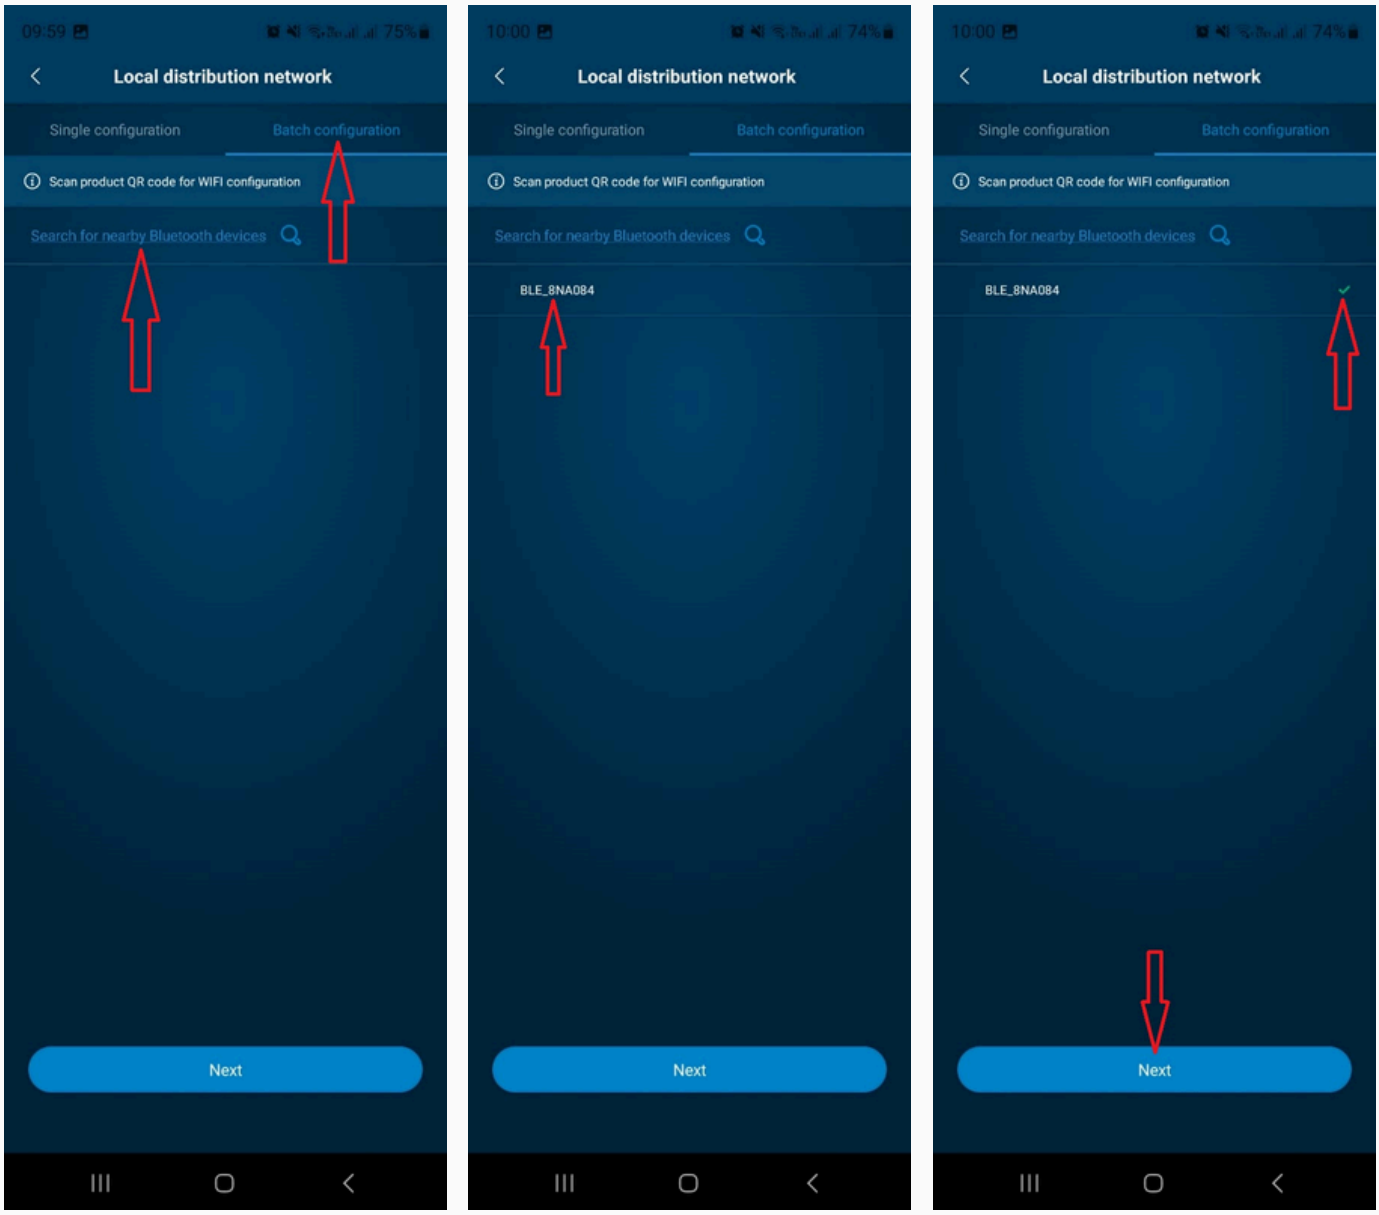


Then ***Tap*** on ***Batch Configuration*** and then ***Tap*** on ***Search for nearby Bluetooth Devices***,

Then you will see a device on the list called ***BLE_.....***

Tap on ***BLE_.....*** and you will then get a Green ✅ ,

Then ***Tap Next***,



Then ***Tap*** on the ***dropdown tab*** under ***SSID***,

Then ***Tap*** on the client's WiFi network that you would like to connect to,

Then input the WiFi password,

Then ***Tap Next***,

BLE_..... will get a Green ✅ next to it,
